Contents, Volume 92, 1992

A palaeoecological study in the western Mediterranean area. The Upper Pleistocene pollen record from Cova Beneito (Alicante, Spain)
J. S. Carrión (Murcia, Spain) 1
West-European terrestrial molluscs assemblages of isotopic stage 11 (Middle Pleistocene): climatic implications
D.-D. Rousseau, J.-J. Puisségur (Dijon, France) and F. Lécolle (Caen, France) 15
Phyllotheca: The pastures of the Late Permian
R. J. Rayner (Wits, South Africa) 31
Role of temperature and nutrients in extinction of turritelline gastropods: Cenozoic of the northwestern Atlantic and northeastern Pacific
W. D. Allmon (Tampa, FL, USA) 41
Middle Miocene palaeoenvironments of the Niger Delta
F. E. Oboh (Rolla, MO, USA) 55
Glacially influenced sedimentation in the Later Proterozoic of the Paraguay belt (Mato Grosso, Brazil)
C. J. S. de Alvarenga (Cuiabá, Brazil) and R. Trompette (São Paulo, Brazil) 85
A Holocene climatic record for the Sonoran Desert from pollen analysis of Montezuma Well, Arizona, USA
O. K. Davis (Tucson, AZ, USA) and D. S. Shafer (Washington, DC, USA) 107
Ocean–atmosphere responses to climatic change in the Labrador Sea: Pleistocene plankton and pollen records
A. E. Aksu (St. John's, Nfl., Canada), P. J. Mudie (Dartmouth, N.S., Canada), A. de Vernal (Montréal, Qué., Canada) and H. Gillespie (St. John's, Nfl., Canada) 121
An anoxic event at the Albian–Cenomanian boundary: the Fish Scale Marker Bed, northern Alberta, Canada
D. A. Leckie (Calgary, Alta., Canada), C. Singh, J. Bloch, M. Wilson (Edmonton, Alta., Canada) and J. Wall (Calgary, Alta., Canada) 139
Preface
B. A. Malmgren (Göteborg) and P. Bengtson (Heidelberg) 167
Empiricism and the biogeographical black box: concepts and methods in marine palaeobiogeography
B. R. Rosen (London, UK) 171
A review of the biogeography of Cretaceous belemnites
P. Doyle (London, UK) 207
Cretaceous inoceramid biogeography: a review
A. V. Dhondt (Brussels, Belgium) 217
Palaeobiogeography of the Early Cretaceous corals
L. Beauvais (Paris, France) 233
Biogeographic relationships of the Coniacian and Santonian inoceramid bivalves of northern Spain
G. López, R. Martínez (Barcelona, Spain) and M. A. Lamolda (Bilbao, Spain) 249
Echinoid distribution in the Cenomanian: an analytical study in biogeography
A. B. Smith (London, UK) 263
First Greenland record of the shark genus *Ptychodus* and the biogeographic significance of its fossil assemblage
E. Hoch (Copenhagen, Denmark) 277
Marine ostracode provincialism in the Late Cretaceous of the Tethyan realm and the Austral Province
J.-F. Babinot (Marseille, France) and J.-P. Colin (Begles, France) 283
Late Aptian to Maastrichtian foraminiferal biogeography and palaeoceanography of the Sergipe Basin, Brazil
E. A. M. Koutsoukos (Rio de Janeiro, Brazil) 295
Paleobiography of Campanian–Maastrichtian foraminifera in the southern high latitudes
B. T. Huber (Washington, DC, USA) 325
Paleoecology of late Maastrichtian Heterohelicidae (planktic foraminifera) from the Atlantic region
A. J. Nederbragt (Amsterdam, The Netherlands) 361
Biogeography of terminal Cretaceous deep-sea benthic foraminifera from the Atlantic and Pacific Oceans
J. G. V. Widmark (Uppsala, Sweden) and B. A. Malmgren (Göteborg, Sweden) 375
Biogeography of planktonic foraminifera and regional carbon isotope variations: productivity and water masses in Late Cretaceous Europe
H. Hilbrecht (Zürich, Switzerland), H.-W. Hubberten (Bremerhaven, FRG) and H. Oberhänsli (Bremen, FRG) 407
